I am a fourth-year MSc student specializing in AI & ML, with a deep interest in becoming an AI/ML engineer. My passion lies in leveraging Artificial intelligence and machine learning . I am committed to continuous learning through self-study and hands-on projects, always seeking to refine my skills beyond the classroom.

Education

- **Integrated MSc Computer Science [AI & ML] (Fourth year)**

MG University, Kottayam 2020 - Currently Bharata Mata College, Thrikkakara
2022-2027(Expected)

- **Higher Secondary (12th Grade)**

Nirmala Higher Secondary School Aluva
2020 -2022

TECHNICAL EXPERTISE

- **Programming Languages:** Python,Java, C,R
- **Machine Learning & AI:** Model development, data preprocessing, feature engineering, algorithm implementation
- **Tools & Technologies:** Data Visualization, Google Colab, Visual Studio

Projects

Gold price Analysis and Forecasting Using Machine Learning and Time Series:

Tools: R/Python, MATLAB/Python, ARIMA, RMSE, and MAPE.

- Developed a robust forecasting system for gold prices using ARIMA Random Forest and LSTM models.
- Applied rigorous data pre processing including normalization and feature engineering.
- The project demonstrates the power of combining statistical, machine learning, and deep learning techniques in financial forecasting.
- Provides a scalable interpretable and data-driven foundation of future forecasting and products based on user input.

SKILLS:

- Time Management
- Decision Making
- Team Work
- Multi-tasking
- Fast Learner

CERTIFICATIONS AND TRAININGS:

National Seminar & Workshop on Artificial Intelligence & Machine learning by Kerala State Council for Science, Technology and Environment on November 2023.

Has successfully completed the Certificate course on FLUTTER by Keren infolabz during academic year 2022-2023

Has successfully completed GAME DEVELOPMENT Workshop conducted by EMERGIO GAMES Pvt Ltd on February 2024.

Has Participated in the National level Workshop on ETHICAL HACKING by Al-Ameen College on March 2023.
